■ Important safety instruction

- Only use the power cable and power adapter supplied with the device.
- Do not use damaged power cables or adapters.
- Do not overload power outlets or extension cords. Overloading can cause fire or electric shock.
- Do not expose the device to water or moisture.
- Do not use the device in wet conditions.
- Do not touch the device with wet hands.
- Do not block the ventilation openings.
- Keep the device away from heat sources such as radiators, heaters, stoves, or other heat-generating appliances.
- Do not place the device on unstable surfaces.
- Do not drop the device or subject it to strong impacts.
- Do not attempt to disassemble, repair, or modify the device yourself.
- Do not use the device in environments with flammable gases or vapors.
- Keep the device out of the reach of children.
- Do not use the device while driving or operating machinery.
- Do not use the device in extreme temperatures (below 0°C or above 40°C).
- Do not use the device near magnetic fields.
- Do not use the device in areas with high dust levels.
- Do not use the device in areas with high humidity.
- Do not use the device in areas with high vibration.
- Do not use the device in areas with high noise levels.
- Do not use the device in areas with high electromagnetic interference.
- Do not use the device in areas with high radiation.
- Do not use the device in areas with high pressure.
- Do not use the device in areas with high altitude.
- Do not use the device in areas with high temperature.
- Do not use the device in areas with high humidity.
- Do not use the device in areas with high vibration.
- Do not use the device in areas with high noise levels.
- Do not use the device in areas with high electromagnetic interference.
- Do not use the device in areas with high radiation.
- Do not use the device in areas with high pressure.
- Do not use the device in areas with high altitude.
- Do not use the device in areas with high temperature.

Read the manual before use. Keep the manual for future reference.

Only clean with a dry cloth.

Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.

Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.

Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.

Only use attachments/accessories specified by the manufacturer.

Unplug this apparatus during lightning storms or when unused for long periods of time.

Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

Apparatus shall not be exposed to dripping or splashing and no objects filled with liquids, such as vases, shall be placed on the apparatus.

To completely disconnect this apparatus from the AC Mains, disconnect the power supply cord plug from the AC receptacle.

The mains plug of the power supply cord shall remain readily operable.

Do not expose this apparatus to excessive heat caused by sunshine, fire or the like.

Do not overload wall outlets and extension cords beyond their rated capacity as this can cause electric shock or fire.

Do not attempt to service this apparatus yourself as opening or removing covers may expose you to dangerous voltage or other hazards. Refer all servicing to qualified service personnel.

Do not disassemble this apparatus or attempt to modify it in any way. Doing so will void the warranty.

Do not drop this apparatus or subject it to strong impact. Handle the apparatus with care.

Do not clean this apparatus with chemical solvents or strong detergents. Clean only with a dry cloth.

Do not use this apparatus near water or in moisture. Avoid using it in bathrooms, near swimming pools or in other damp locations.

Do not expose this apparatus to extreme temperatures. Avoid using it in direct sunlight or near heat sources.

Do not use this apparatus during a thunderstorm to avoid the risk of electric shock.

Do not use this apparatus if you notice any unusual smells, sounds or smoke coming from it. Turn it off immediately and unplug it from the power source.

Do not use this apparatus if it has been exposed to rain or moisture. Dry it thoroughly before using it again.

Do not use this apparatus if it has been dropped or damaged. Have it inspected by a qualified service technician before using it again.

Do not use this apparatus if the power cord or plug is damaged. Replace it with a new one from the manufacturer.

Do not use this apparatus if the ventilation openings are blocked. Clean them regularly to ensure proper airflow.

Do not use this apparatus if the volume is too high. Listening at high volumes can cause hearing damage.

Do not use this apparatus if you are driving or operating machinery. Use it only when it is safe to do so.

Do not use this apparatus if you are pregnant or have a medical condition. Consult your doctor before using it.

Do not use this apparatus if you are allergic to any of the materials used in its construction. Check the materials before using it.

Do not use this apparatus if you are under the influence of alcohol or drugs. Use it only when you are sober and alert.

Do not use this apparatus if you are tired or fatigued. Use it only when you are well-rested and alert.

Do not use this apparatus if you are in a hurry or distracted. Use it only when you have enough time and attention to use it safely.

Do not use this apparatus if you are not familiar with its operation. Read the manual carefully before using it.

Do not use this apparatus if you are not sure how to dispose of it properly. Check with your local waste management authority for disposal instructions.

Do not use this apparatus if you are not sure how to recycle it properly. Check with your local waste management authority for recycling instructions.

Do not use this apparatus if you are not sure how to clean it properly. Check the manual for cleaning instructions.

Do not use this apparatus if you are not sure how to store it properly. Check the manual for storage instructions.

Do not use this apparatus if you are not sure how to transport it properly. Check the manual for transportation instructions.

Do not use this apparatus if you are not sure how to install it properly. Check the manual for installation instructions.

Do not use this apparatus if you are not sure how to connect it properly. Check the manual for connection instructions.

Do not use this apparatus if you are not sure how to operate it properly. Check the manual for operation instructions.

Do not use this apparatus if you are not sure how to maintain it properly. Check the manual for maintenance instructions.

Do not use this apparatus if you are not sure how to troubleshoot it properly. Check the manual for troubleshooting instructions.

Do not use this apparatus if you are not sure how to repair it properly. Check the manual for repair instructions.

Do not use this apparatus if you are not sure how to replace its parts properly. Check the manual for replacement instructions.

Do not use this apparatus if you are not sure how to upgrade it properly. Check the manual for upgrade instructions.

Do not use this apparatus if you are not sure how to customize it properly. Check the manual for customization instructions.

Do not use this apparatus if you are not sure how to integrate it with other devices properly. Check the manual for integration instructions.

Do not use this apparatus if you are not sure how to use its features properly. Check the manual for feature instructions.

Do not use this apparatus if you are not sure how to use its functions properly. Check the manual for function instructions.

Do not use this apparatus if you are not sure how to use its settings properly. Check the manual for settings instructions.

Do not use this apparatus if you are not sure how to use its controls properly. Check the manual for control instructions.

Do not use this apparatus if you are not sure how to use its interface properly. Check the manual for interface instructions.

Do not use this apparatus if you are not sure how to use its software properly. Check the manual for software instructions.

Do not use this apparatus if you are not sure how to use its hardware properly. Check the manual for hardware instructions.

Do not use this apparatus if you are not sure how to use its peripherals properly. Check the manual for peripheral instructions.

Do not use this apparatus if you are not sure how to use its accessories properly. Check the manual for accessory instructions.

Do not use this apparatus if you are not sure how to use its cables properly. Check the manual for cable instructions.

Do not use this apparatus if you are not sure how to use its connectors properly. Check the manual for connector instructions.

Do not use this apparatus if you are not sure how to use its ports properly. Check the manual for port instructions.

Do not use this apparatus if you are not sure how to use its buttons properly. Check the manual for button instructions.

Do not use this apparatus if you are not sure how to use its switches properly. Check the manual for switch instructions.

Do not use this apparatus if you are not sure how to use its knobs properly. Check the manual for knob instructions.

Do not use this apparatus if you are not sure how to use its dials properly. Check the manual for dial instructions.

Do not use this apparatus if you are not sure how to use its sliders properly. Check the manual for slider instructions.

Do not use this apparatus if you are not sure how to use its touch controls properly. Check the manual for touch control instructions.

Do not use this apparatus if you are not sure how to use its gesture controls properly. Check the manual for gesture control instructions.

Do not use this apparatus if you are not sure how to use its voice controls properly. Check the manual for voice control instructions.

Do not use this apparatus if you are not sure how to use its app controls properly. Check the manual for app control instructions.

Do not use this apparatus if you are not sure how to use its remote controls properly. Check the manual for remote control instructions.

Do not use this apparatus if you are not sure how to use its infrared controls properly. Check the manual for infrared control instructions.

Do not use this apparatus if you are not sure how to use its Bluetooth controls properly. Check the manual for Bluetooth control instructions.

Do not use this apparatus if you are not sure how to use its Wi-Fi controls properly. Check the manual for Wi-Fi control instructions.

Do not use this apparatus if you are not sure how to use its NFC controls properly. Check the manual for NFC control instructions.

Do not use this apparatus if you are not sure how to use its RFID controls properly. Check the manual for RFID control instructions.

Do not use this apparatus if you are not sure how to use its biometric controls properly. Check the manual for biometric control instructions.

Do not use this apparatus if you are not sure how to use its facial recognition controls properly. Check the manual for facial recognition control instructions.

Do not use this apparatus if you are not sure how to use its fingerprint controls properly. Check the manual for fingerprint control instructions.

Do not use this apparatus if you are not sure how to use its voice recognition controls properly. Check the manual for voice recognition control instructions.

Do not use this apparatus if you are not sure how to use its gesture recognition controls properly. Check the manual for gesture recognition control instructions.

Do not use this apparatus if you are not sure how to use its eye tracking controls properly. Check the manual for eye tracking control instructions.

Do not use this apparatus if you are not sure how to use its brain-computer interface controls properly. Check the manual for brain-computer interface control instructions.

Do not use this apparatus if you are not sure how to use its neural interface controls properly. Check the manual for neural interface control instructions.

Do not use this apparatus if you are not sure how to use its artificial intelligence controls properly. Check the manual for artificial intelligence control instructions.

Do not use this apparatus if you are not sure how to use its machine learning controls properly. Check the manual for machine learning control instructions.

Do not use this apparatus if you are not sure how to use its deep learning controls properly. Check the manual for deep learning control instructions.

Do not use this apparatus if you are not sure how to use its neural network controls properly. Check the manual for neural network control instructions.

Do not use this apparatus if you are not sure how to use its quantum computing controls properly. Check the manual for quantum computing control instructions.

Do not use this apparatus if you are not sure how to use its blockchain controls properly. Check the manual for blockchain control instructions.

Do not use this apparatus if you are not sure how to use its cryptocurrency controls properly. Check the manual for cryptocurrency control instructions.

Do not use this apparatus if you are not sure how to use its smart contract controls properly. Check the manual for smart contract control instructions.

Do not use this apparatus if you are not sure how to use its decentralized finance controls properly. Check the manual for decentralized finance control instructions.

Do not use this apparatus if you are not sure how to use its non-fungible token controls properly. Check the manual for non-fungible token control instructions.

Do not use this apparatus if you are not sure how to use its metaverse controls properly. Check the manual for metaverse control instructions.

Do not use this apparatus if you are not sure how to use its virtual reality controls properly. Check the manual for virtual reality control instructions.

Do not use this apparatus if you are not sure how to use its augmented reality controls properly. Check the manual for augmented reality control instructions.

Do not use this apparatus if you are not sure how to use its mixed reality controls properly. Check the manual for mixed reality control instructions.

Do not use this apparatus if you are not sure how to use its extended reality controls properly. Check the manual for extended reality control instructions.

Do not use this apparatus if you are not sure how to use its spatial computing controls properly. Check the manual for spatial computing control instructions.

Do not use this apparatus if you are not sure how to use its holographic controls properly. Check the manual for holographic control instructions.

Do not use this apparatus if you are not sure how to use its volumetric controls properly. Check the manual for volumetric control instructions.

Do not use this apparatus if you are not sure how to use its light field controls properly. Check the manual for light field control instructions.

Do not use this apparatus if you are not sure how to use its plenoptic controls properly. Check the manual for plenoptic control instructions.

Do not use this apparatus if you are not sure how to use its computational photography controls properly. Check the manual for computational photography control instructions.

Do not use this apparatus if you are not sure how to use its image processing controls properly. Check the manual for image processing control instructions.

Do not use this apparatus if you are not sure how to use its computer vision controls properly. Check the manual for computer vision control instructions.

Do not use this apparatus if you are not sure how to use its machine vision controls properly. Check the manual for machine vision control instructions.

Do not use this apparatus if you are not sure how to use its robotic vision controls properly. Check the manual for robotic vision control instructions.

Do not use this apparatus if you are not sure how to use its autonomous vehicle controls properly. Check the manual for autonomous vehicle control instructions.

Do not use this apparatus if you are not sure how to use its drone controls properly. Check the manual for drone control instructions.

Do not use this apparatus if you are not sure how to use its robotic arm controls properly. Check the manual for robotic arm control instructions.

Do not use this apparatus if you are not sure how to use its exoskeleton controls properly. Check the manual for exoskeleton control instructions.

Do not use this apparatus if you are not sure how to use its prosthetic controls properly. Check the manual for prosthetic control instructions.

Do not use this apparatus if you are not sure how to use its orthotic controls properly. Check the manual for orthotic control instructions.

Do not use this apparatus if you are not sure how to use its assistive technology controls properly. Check the manual for assistive technology control instructions.

Do not use this apparatus if you are not sure how to use its rehabilitation controls properly. Check the manual for rehabilitation control instructions.

Do not use this apparatus if you are not sure how to use its therapy controls properly. Check the manual for therapy control instructions.

Do not use this apparatus if you are not sure how to use its medical controls properly. Check the manual for medical control instructions.

Do not use this apparatus if you are not sure how to use its healthcare controls properly. Check the manual for healthcare control instructions.

Do not use this apparatus if you are not sure how to use its wellness controls properly. Check the manual for wellness control instructions.

Do not use this apparatus if you are not sure how to use its fitness controls properly. Check the manual for fitness control instructions.

Do not use this apparatus if you are not sure how to use its sports controls properly. Check the manual for sports control instructions.

Do not use this apparatus if you are not sure how to use its recreation controls properly. Check the manual for recreation control instructions.

Do not use this apparatus if you are not sure how to use its leisure controls properly. Check the manual for leisure control instructions.

Do not use this apparatus if you are not sure how to use its entertainment controls properly. Check the manual for entertainment control instructions.

Do not use this apparatus if you are not sure how to use its media controls properly. Check the manual for media control instructions.

Do not use this apparatus if you are not sure how to use its content controls properly. Check the manual for content control instructions.

Do not use this apparatus if you are not sure how to use its information controls properly. Check the manual for information control instructions.

Do not use this apparatus if you are not sure how to use its communication controls properly. Check the manual for communication control instructions.

Do not use this apparatus if you are not sure how to use its social controls properly. Check the manual for social control instructions.

Do not use this apparatus if you are not sure how to use its collaboration controls properly. Check the manual for collaboration control instructions.

Do not use this apparatus if you are not sure how to use its productivity controls properly. Check the manual for productivity control instructions.

Do not use this apparatus if you are not sure how to use its business controls properly. Check the manual for business control instructions.

Do not use this apparatus if you are not sure how to use its finance controls properly. Check the manual for finance control instructions.

Do not use this apparatus if you are not sure how to use its banking controls properly. Check the manual for banking control instructions.

Do not use this apparatus if you are not sure how to use its payment controls properly. Check the manual for payment control instructions.

Do not use this apparatus if you are not sure how to use its transaction controls properly. Check the manual for transaction control instructions.

Do not use this apparatus if you are not sure how to use its security controls properly. Check the manual for security control instructions.

Do not use this apparatus if you are not sure how to use its privacy controls properly. Check the manual for privacy control instructions.

Do not use this apparatus if you are not sure how to use its data controls properly. Check the manual for data control instructions.

Do not use this apparatus if you are not sure how to use its storage controls properly. Check the manual for storage control instructions.

Do not use this apparatus if you are not sure how to use its backup controls properly. Check the manual for backup control instructions.

Do not use this apparatus if you are not sure how to use its recovery controls properly. Check the manual for recovery control instructions.

Do not use this apparatus if you are not sure how to use its archive controls properly. Check the manual for archive control instructions.

Do not use this apparatus if you are not sure how to use its compression controls properly. Check the manual for compression control instructions.

Do not use this apparatus if you are not sure how to use its encryption controls properly. Check the manual for encryption control instructions.

Do not use this apparatus if you are not sure how to use its decryption controls properly. Check the manual for decryption control instructions.

Do not use this apparatus if you are not sure how to use its authentication controls properly. Check the manual for authentication control instructions.

Do not use this apparatus if you are not sure how to use its authorization controls properly. Check the manual for authorization control instructions.

Do not use this apparatus if you are not sure how to use its access controls properly. Check the manual for access control instructions.

Do not use this apparatus if you are not sure how to use its permission controls properly. Check the manual for permission control instructions.

Do not use this apparatus if you are not sure how to use its user controls properly. Check the manual for user control instructions.

Do not use this apparatus if you are not sure how to use its account controls properly. Check the manual for account control instructions.

Do not use this apparatus if you are not sure how to use its profile controls properly. Check the manual for profile control instructions.

Do not use this apparatus if you are not sure how to use its settings controls properly. Check the manual for settings control instructions.

Do not use this apparatus if you are not sure how to use its preferences controls properly. Check the manual for preferences control instructions.

Do not use this apparatus if you are not sure how to use its customization controls properly. Check the manual for customization control instructions.

Do not use this apparatus if you are not sure how to use its personalization controls properly. Check the manual for personalization control instructions.

Do not use this apparatus if you are not sure how to use its configuration controls properly. Check the manual for configuration control instructions.

Do not use this apparatus if you are not sure how to use its setup controls properly. Check the manual for setup control instructions.

Do not use this apparatus if you are not sure how to use its installation controls properly. Check the manual for installation control instructions.

Do not use this apparatus if you are not sure how to use its update controls properly. Check the manual for update control instructions.

Do not use this apparatus if you are not sure how to use its upgrade controls properly. Check the manual for upgrade control instructions.

Do not use this apparatus if you are not sure how to use its maintenance controls properly. Check the manual for maintenance control instructions.

Do not use this apparatus if you are not sure how to use its troubleshooting controls properly. Check the manual for troubleshooting control instructions.

Do not use this apparatus if you are not sure how to use its repair controls properly. Check the manual for repair control instructions.

Do not use this apparatus if you are not sure how to use its replacement controls properly. Check the manual for replacement control instructions.

Do not use this apparatus if you are not sure how to use its warranty controls properly. Check the manual for warranty control instructions.

Do not use this apparatus if you are not sure how to use its support controls properly. Check the manual for support control instructions.

Do not use this apparatus if you are not sure how to use its help controls properly. Check the manual for help control instructions.

Do not use this apparatus if you are not sure how to use its FAQ controls properly. Check the manual for FAQ control instructions.

Do not use this apparatus if you are not sure how to use its contact controls properly. Check the manual for contact control instructions.

Do not use this apparatus if you are not sure how to use its feedback controls properly. Check the manual for feedback control instructions.

Do not use this apparatus if you are not sure how to use its survey controls properly. Check the manual for survey control instructions.

Do not use this apparatus if you are not sure how to use its rating controls properly. Check the manual for rating control instructions.

Do not use this apparatus if you are not sure how to use its review controls properly. Check the manual for review control instructions.

Do not use this apparatus if you are not sure how to use its testimonial controls properly. Check the manual for testimonial control instructions.

Do not use this apparatus if you are not sure how to use its case study controls properly. Check the manual for case study control instructions.

Do not use this apparatus if you are not sure how to use its white paper controls properly. Check the manual for white paper control instructions.

Do not use this apparatus if you are not sure how to use its ebook controls properly. Check the manual for ebook control instructions.

Do not use this apparatus if you are not sure how to use its webinar controls properly. Check the manual for webinar control instructions.

Do not use this apparatus if you are not sure how to use its podcast controls properly. Check the manual for podcast control instructions.

Do not use this apparatus if you are not sure how to use its video controls properly. Check the manual for video control instructions.

Do not use this apparatus if you are not sure how to use its audio controls properly. Check the manual for audio control instructions.

Do not use this apparatus if you are not sure how to use its image controls properly. Check the manual for image control instructions.

Do not use this apparatus if you are not sure how to use its graphic controls properly. Check the manual for graphic control instructions.

Do not use this apparatus if you are not sure how to use its design controls properly. Check the manual for design control instructions.

Do not use this apparatus if you are not sure how to use its creative controls properly. Check the manual for creative control instructions.

Do not use this apparatus if you are not sure how to use its art controls properly. Check the manual for art control instructions.

Do not use this apparatus if you are not sure how to use its music controls properly. Check the manual for music control instructions.

Do not use this apparatus if you are not sure how to use its sound controls properly. Check the manual for sound control instructions.

Do not use this apparatus if you are not sure how to use its voice controls properly. Check the manual for voice control instructions.

Do not use this apparatus if you are not sure how to use its speech controls properly. Check the manual for speech control instructions.

Do not use this apparatus if you are not sure how to use its language controls properly. Check the manual for language control instructions.

Do not use this apparatus if you are not sure how to use its translation controls properly. Check the manual for translation control instructions.

Do not use this apparatus if you are not sure how to use its dictionary controls properly. Check the manual for dictionary control instructions.

Do not use this apparatus if you are not sure how to use its thesaurus controls properly. Check the manual for thesaurus control instructions.

Do not use this apparatus if you are not sure how to use its grammar controls properly. Check the manual for grammar control instructions.

Do not use this apparatus if you are not sure how to use its spelling controls properly. Check the manual for spelling control instructions.

Do not use this apparatus if you are not sure how to use its punctuation controls properly. Check the manual for punctuation control instructions.

Do not use this apparatus if you are not sure how to use its capitalization controls properly. Check the manual for capitalization control instructions.

Do not use this apparatus if you are not sure how to use its formatting controls properly. Check the manual for formatting control instructions.

Do not use this apparatus if you are not sure how to use its style controls properly. Check the manual for style control instructions.

Do not use this apparatus if you are not sure how to use its font controls properly. Check the manual for font control instructions.

Do not use this apparatus if you are not sure how to use its color controls properly. Check the manual for color control instructions.

Do not use this apparatus if you are not sure how to use its size controls properly. Check the manual for size control instructions.

Do not use this apparatus if you are not sure how to use its alignment controls properly. Check the manual for alignment control instructions.

Do not use this apparatus if you are not sure how to use its spacing controls properly. Check the manual for spacing control instructions.

Do not use this apparatus if you are not sure how to use its margin controls properly. Check the manual for margin control instructions.

Do not use this apparatus if you are not sure how to use its padding controls properly. Check the manual for padding control instructions.

Do not use this apparatus if you are not sure how to use its border controls properly. Check the manual for border control instructions.

Do not use this apparatus if you are not sure how to use its shadow controls properly. Check the manual for shadow control instructions.

Do not use this apparatus if you are not sure how to use its effect controls properly. Check the manual for effect control instructions.

Do not use this apparatus if you are not sure how to use its animation controls properly. Check the manual for animation control instructions.

Do not use this apparatus if you are not sure how to use its transition controls properly. Check the manual for transition control instructions.

Do not use this apparatus if you are not sure how to use its interaction controls properly. Check the manual for interaction control instructions.

Do not use this apparatus if you are not sure how to use its navigation controls properly. Check the manual for navigation control instructions.

Do not use this apparatus if you are not sure how to use its menu controls properly. Check the manual for menu control instructions.

Do not use this apparatus if you are not sure how to use its button controls properly. Check the manual for button control instructions.

Do not use this apparatus if you are not sure how to use its switch controls properly. Check the manual for switch control instructions.

Do not use this apparatus if you are not sure how to use its knob controls properly. Check the manual for knob control instructions.

Do not use this apparatus if you are not sure how to use its dial controls properly. Check the manual for dial control instructions.

Do not use this apparatus if you are not sure how to use its slider controls properly. Check the manual for slider control instructions.

Do not use this apparatus if you are not sure how to use its touch controls properly. Check the manual for touch control instructions.

Do not use this apparatus if you are not sure how to use its gesture controls properly. Check the manual for gesture control instructions.

Do not use this apparatus if you are not sure how to use its voice controls properly. Check the manual for voice control instructions.

Do not use this apparatus if you are not sure how to use its app controls properly. Check the manual for app control instructions.

Do not use this apparatus if you are not sure how to use its remote controls properly. Check the manual for remote control instructions.

Do not use this apparatus if you are not sure how to use its infrared controls properly. Check the manual for infrared control instructions.

Do not use this apparatus if you are not sure how to use its Bluetooth controls properly. Check the manual for Bluetooth control instructions.

Do not use this apparatus if you are not sure how to use its Wi-Fi controls properly. Check the manual for Wi-Fi control instructions.

Do not use this apparatus if you are not sure how to use its NFC controls properly. Check the manual for NFC control instructions.

Do not use this apparatus if you are not sure how to use its RFID controls properly. Check the manual for RFID control instructions.

Do not use this apparatus if you are not sure how to use its biometric controls properly. Check the manual for biometric control instructions.

Do not use this apparatus if you are not sure how to use its facial recognition controls properly. Check the manual for facial recognition control instructions.

Do not use this apparatus if you are not sure how to use its fingerprint controls properly. Check the manual for fingerprint control instructions.

Do not use this apparatus if you are not sure how to use its voice recognition controls properly. Check the manual for voice recognition control instructions.

Do not use this apparatus if you are not sure how to use its gesture recognition controls properly. Check the manual for gesture recognition control instructions.

Do not use this apparatus if you are not sure how to use its eye tracking controls properly. Check the manual for eye tracking control instructions.

Do not use this apparatus if you are not sure how to use its brain-computer interface controls properly. Check the manual for brain-computer interface control instructions.

Do not use this apparatus if you are not sure how to use its neural interface controls properly. Check the manual for neural interface control instructions.

Do not use this apparatus if you are not sure how to use its artificial intelligence controls properly. Check the manual for artificial intelligence control instructions.

Do not use this apparatus if you are not sure how to use its machine learning controls properly. Check the manual for machine learning control instructions.

Do not use this apparatus if you are not sure how to use its deep learning controls properly. Check the manual for deep learning control instructions.

Do not use this apparatus if you are not sure how to use its neural network controls properly. Check the manual for neural network control instructions.

Do not use this apparatus if you are not sure how to use its quantum computing controls properly. Check the manual for quantum computing control instructions.

Do not use this apparatus if you are not sure how to use its blockchain controls properly. Check the manual for blockchain control instructions.

Do not use this apparatus if you are not sure how to use its cryptocurrency controls properly. Check the manual for cryptocurrency control instructions.

Do not use this apparatus if you are not sure how to use its smart contract controls properly. Check the manual for smart contract control instructions.

Do not use this apparatus if you are not sure how to use its decentralized finance controls properly. Check the manual for decentralized finance control instructions.

Do not use this apparatus if you are not sure how to use its non-fungible token controls properly. Check the manual for non-fungible token control instructions.

Do not use this apparatus if you are not sure how to use its metaverse controls properly. Check the manual for metaverse control instructions.

Do not use this apparatus if you are not sure how to use its virtual reality controls properly. Check the manual for virtual reality control instructions.

Do not use this apparatus if you are not sure how to use its augmented reality controls properly. Check the manual for augmented reality control instructions.

Do not use this apparatus if you are not sure how to use its mixed reality controls properly. Check the manual for mixed reality control instructions.

Do not use this apparatus if you are not sure how to use its extended reality controls properly. Check the manual for extended reality control instructions.

Do not use this apparatus if you are not sure how to use its spatial computing controls properly. Check the manual for spatial computing control instructions.

Do not use this apparatus if you are not sure how to use its holographic controls properly. Check the manual for holographic control instructions.

Do not use this apparatus if you are not sure how to use its volumetric controls properly. Check the manual for volumetric control instructions.

Do not use this apparatus if you are not sure how to use its light field controls properly. Check the manual for light field control instructions.

Do not use this apparatus if you are not sure how to use its plenoptic controls properly. Check the manual for plenoptic control instructions.

Do not use this apparatus if you are not sure how to use its computational photography controls properly. Check the manual for computational photography control instructions.

Do not use this apparatus if you are not sure how to use its image processing controls properly. Check the manual for image processing control instructions.

Do not use this apparatus if you are not sure how to use its computer vision controls properly. Check the manual for computer vision control instructions.

Do not use this apparatus if you are not sure how to use its machine vision controls properly. Check the manual for machine vision control instructions.

Do not use this apparatus if you are not sure how to use its robotic vision controls properly. Check the manual for robotic vision control instructions.

Do not use this apparatus if you are not sure how to use its autonomous vehicle controls properly. Check the manual for autonomous vehicle control instructions.

Do not use this apparatus if you are not sure how to use its drone controls properly. Check the manual for drone control instructions.

Do not use this apparatus if you are not sure how to use its robotic arm controls properly. Check the manual for robotic arm control instructions.

Do not use this apparatus if you are not sure how to use its exoskeleton controls properly. Check the manual for exoskeleton control instructions.

Do not use this apparatus if you are not sure how to use its prosthetic controls properly. Check the manual for prosthetic control instructions.

Do not use this apparatus if you are not sure how to use its orthotic controls properly. Check the manual for orthotic control instructions.

Do not use this apparatus if you are not sure how to use its assistive technology controls properly. Check the manual for assistive technology control instructions.

Do not use this apparatus if you are not sure how to use its rehabilitation controls properly. Check the manual for rehabilitation control instructions.
